Dear Mr. Weisberg,

I have all of your books, but I have not read the latest one as I am still busy reading the 26 volumes of Exhibits & Hearings. Yesterday, I was reading Vol 24, and Exhibit No. 2038 which is on pages 453-454. Barnes mentioned a man named Fairy on page 454. Phonetically the name comes out to Ferrie. I hope this information may aid you just in case you may have overlooked it

Hoping you and your family the best for the years to come.

I remain
Glen Myers
